

zehnder *noumea*

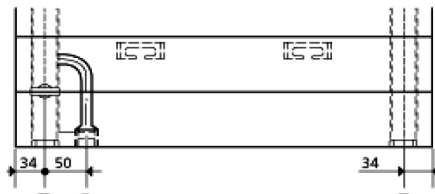

zehnder

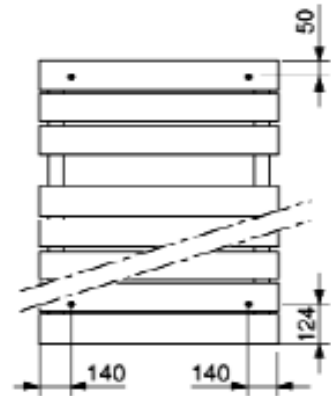

The Zehnder Noumea is a classical bathroom design. The heating panels ensure a pleasant radiant warmth and are substantial enough to heat large bathrooms. The Noumea is compatible with central heating, dual energy and electric-only installations, thereby providing warm towel rails throughout the year, regardless of the heating system used.

Distance from the wall

Tapping centre

Fixings position

Material: Steel
 Operating pressure: up to 11.5 bar
 Connection: From below, G 1/2"
 Coating: Standard colour (RAL 9016).

Advantages

- Low construction depth
- Short reaction times
- Modern, elegant design

Models for closed heating systems:

Model	Overall height (mm)	Overall depth (mm)	Heat capacity (W)	
			$\Delta T=50K$	$\Delta T=60K$
